Ref: PETITION TO MAKE SPECIAL
Patent Application No. 10625641,
Filed July 24, 2003

Dear Sir/Madam:

Upon visiting the U.S. Patent Office on October 21, 2005, I learned that due to my advanced age of 76 years, that I could file a "Petition to Make Special." I am herewith requesting that my above-identified Patent Application be expedited (37CFR1.102(c)).

There is one physical life threatening issue that I choose not to dwell on, while mindful, concerned, and addressing.

I would like to move on marketing and the distribution of my invention ASAP that I may be a blessing to the many indigent and disadvantaged persons domestically and globally economically.

I would love to witness the above accomplishments in addition to enjoying more comfort and less stress during my latter years.

Enclosed is a "Supporting Affidavit for Delayed Certificate of Birth" executed prior to my mother's death (1995) -- my maiden name being "Johnnie Mae Jones."

Enclosed is a letter from the Metropolitan Insurance Company showing supporting evidence of my birth date and place.

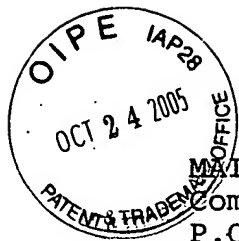

A copy of my Driver's License is enclosed.

Your consideration, and prompt action to this "Petition to Make Special" will be greatly appreciated.

Respectfully submitted,

Reverend Johnnie Mae Harrison
